LTECH

WIFI LED CONTROLLER

DMX4

Product Features

16.7 million kinds of colors to choose

Lights changing with the music

Intelligent lighting timing set

Limitless long-range control

DIY Scene Model

3G 4G WiFi

Product Parameters

Product Name :	WiFi LED Controller
Model :	WiFi-101-DMX4
Input Voltage :	12 ~ 24Vdc
Output :	DMX512, 512CH
Working Temperature :	-30℃ ~ 55℃
Protocol :	2.4GHz Wi-Fi, 802.11b/g/n
Dimension :	L125 x W33 x H20(mm)
Packing :	L127 x W35 x H24(mm)
Net Weight :	52g
Gross Weight :	70g

Attention

1.The product shall be installed and serviced by the qualified person.

2.This product is non-waterproof. Please avoid the sun and rain. When installed outdoors, please ensure it is mounted in a water proof enclosure.

3.Good heat dissipation will prolong the working life of the controller. Please ensure good ventilation.

4.Please check if the output voltage of the LED power supply used comply with the working voltage of the product.

5. Please ensure that adequate sized cable is used from the controller to the LED lights to carry the current. Please also ensure that the cable is secured tightly in the connector.

6.Ensure all wire connections and polarities are correct before applying power to avoid any damages to the LED lights.

7.If a fault occurs please return the product to your supplier. Do not attempt to fix this product by yourself.

★ This manual only applies to this model. We reserve the right to make changes without prior notice.
